SUSTAINABLE WATER MANAGEMENT

A PRIORITY FOR FUTURE CITIES' DEVELOPMENT

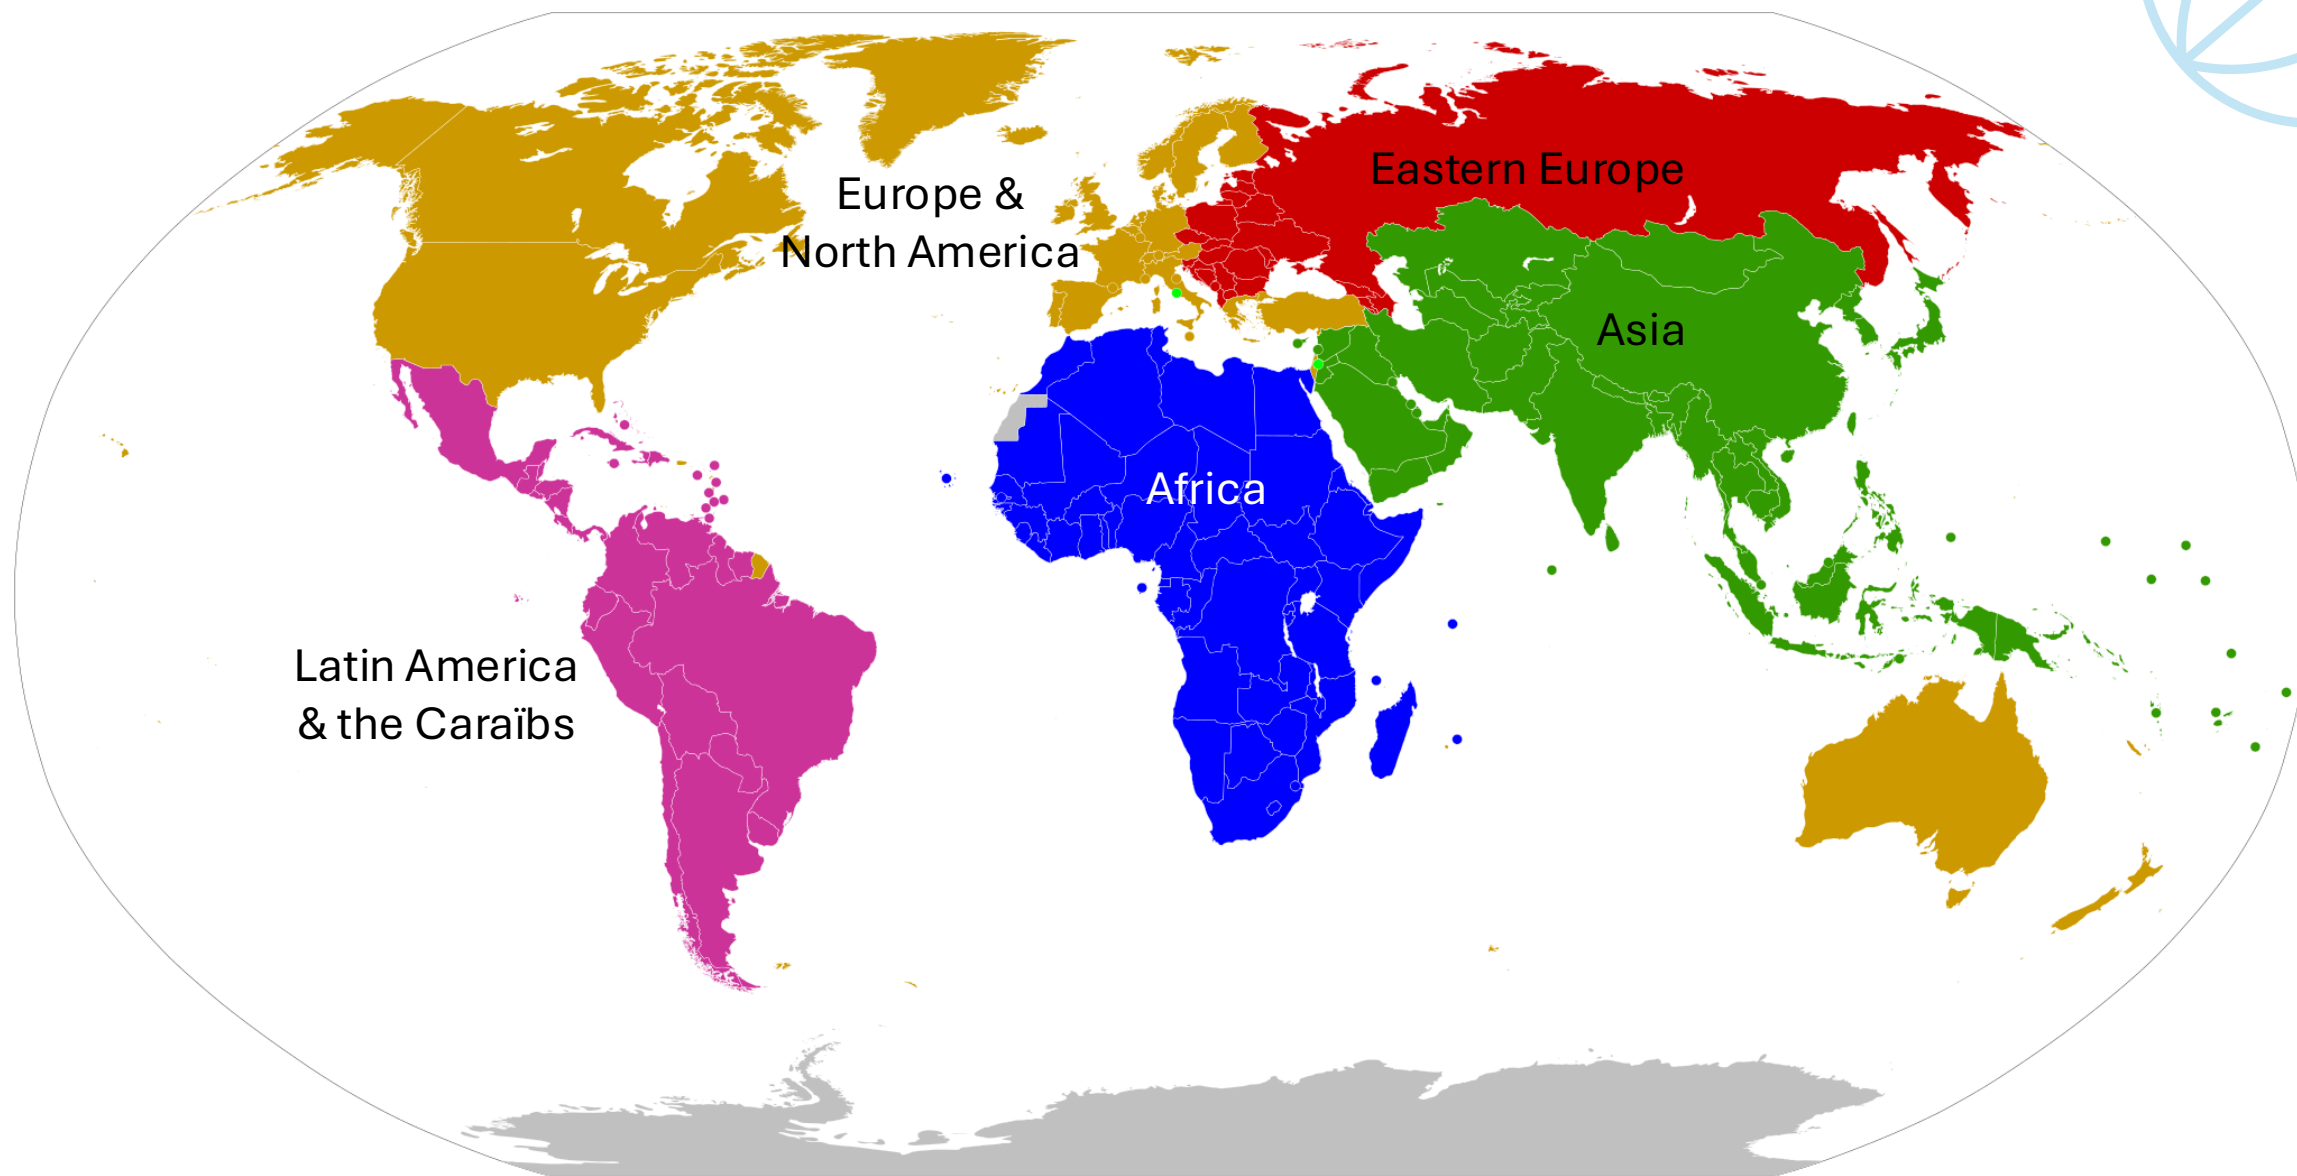

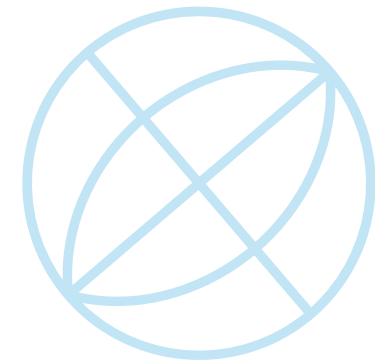

United Nations
Educational, Scientific and
Cultural Organization

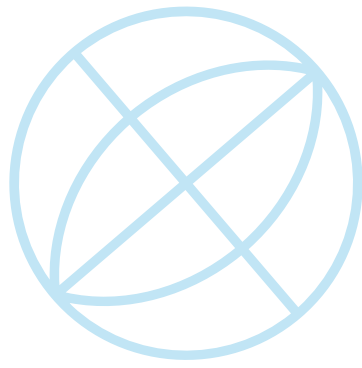

**Sustainable
Development
Goals**

5 or 6 Regional MAWACs

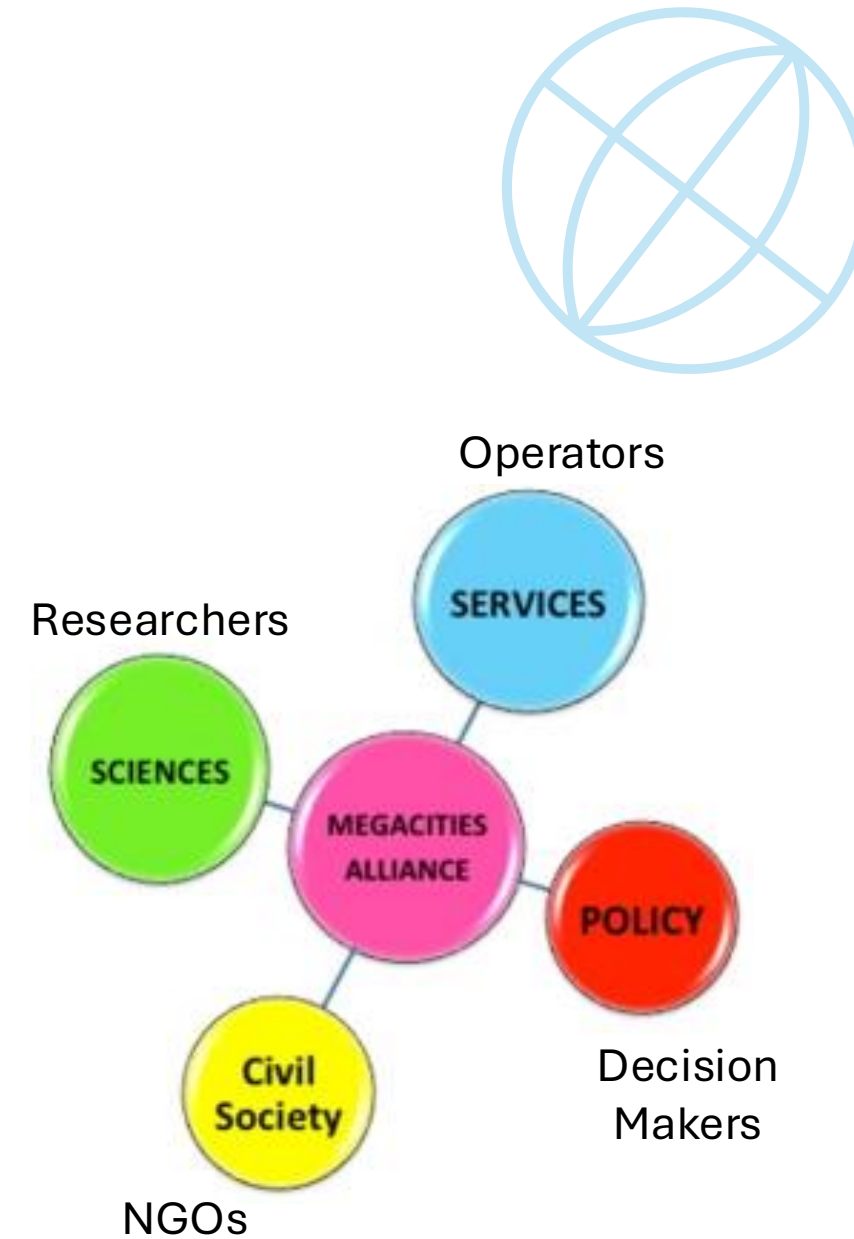

MAWAC Global & Regional MAWACs

A decentralized organization for ENA Region for several reasons:

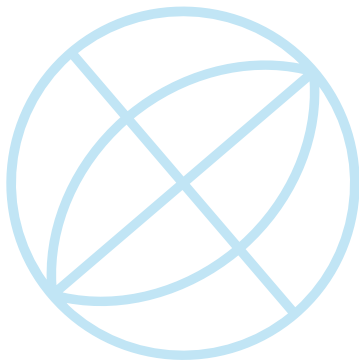

- The number of Megacities is expected to grow fast (+33% in 14 years) mainly in Asia and Africa while the number of regions will remain the same.
- UNESCO won't have the means (workforce and funds) to manage directly one on one all the Megacities around the globe: a kind of decentralization of some sort will happen de facto.
- Today, the Megacities of the USA are no more represented at UNESCO (3 Megacities over 5 engaged in the ENA region).
- Funding of Megacities' project through UNESCO implies to go through national governments which are not always politically aligned with their Megacities.
- Stakeholders in Megacities are attached to their independence and want to decide on their own what cooperation project they want to establish.

MAWAC-ENA Membership

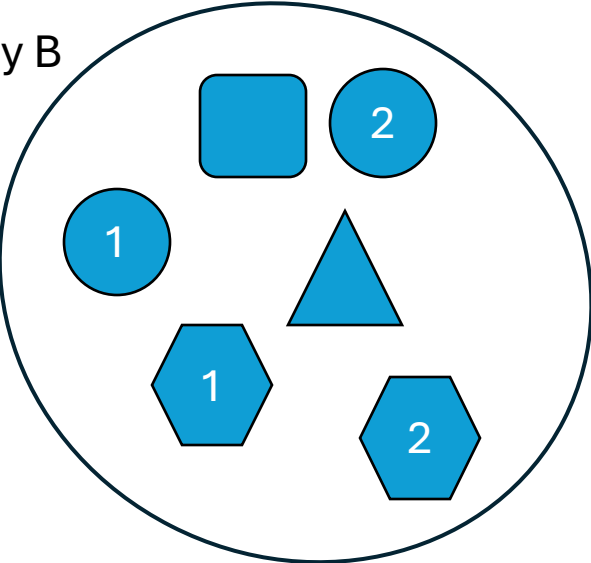

- 4.1. The members of MAWAC ENA are moral persons, representing organizations, services, and associations active in one of the ENA Megacities. Individuals cannot claim to be members of MAWAC ENA.
- 4.3. Each member organization of MAWAC ENA appoints a qualified person to represent it, and possibly an alternate.
- 4.5. The members of the same megacity, representing the 4 colleges, appoint among themselves a representative and an alternate to represent their megacity at the regional level.
- 4.6. Each member of MAWAC ENA must belong to one of the 4 colleges: Members of the same college designate among themselves a representative and a substitute to represent their college at the regional level.
- 4.7. The recruitment of new members is the subject of a detailed request addressed to the president of MAWAC ENA, which must then be validated by the MAWAC ENA General Assembly.

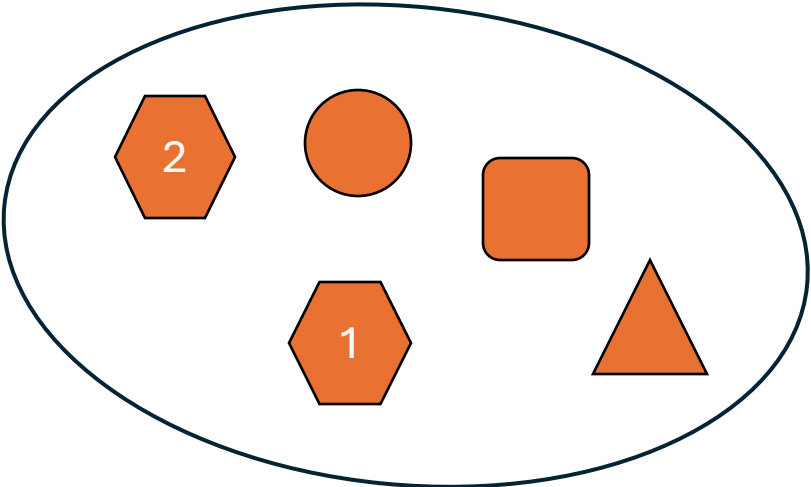

MAWAC-ENA Membership

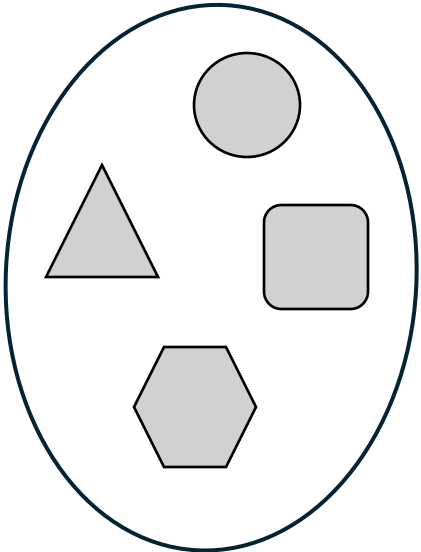

Megacity B

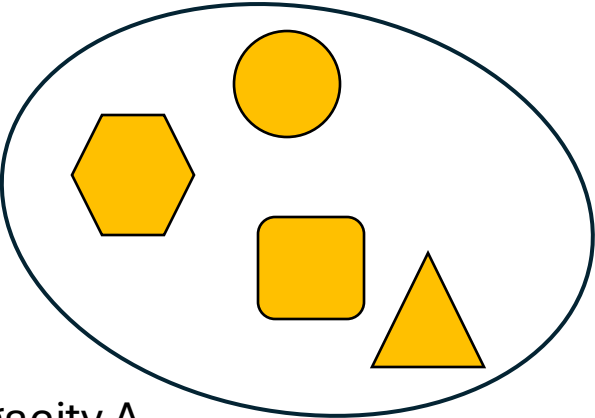

Megacity D

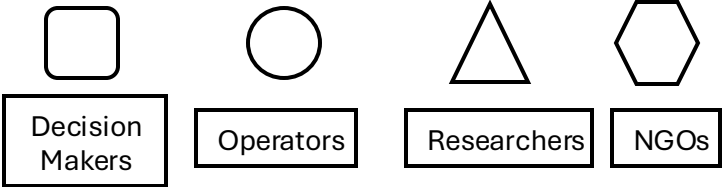

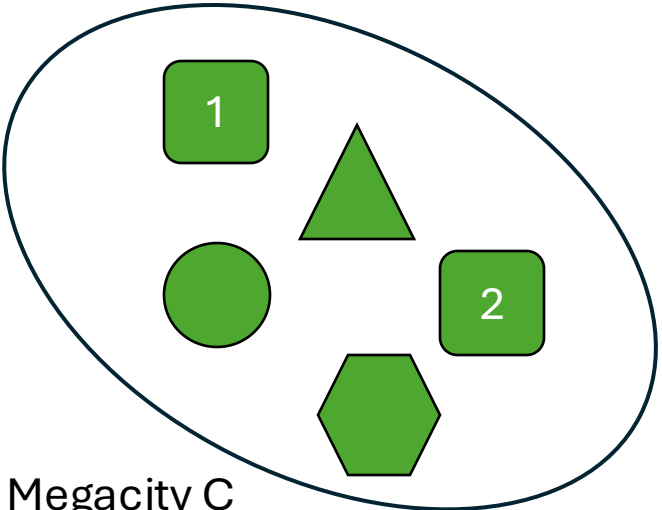

Megacity E

Megacity A

Megacity C

MAWAC-ENA Governance

GENERAL ASSEMBLY (GA)

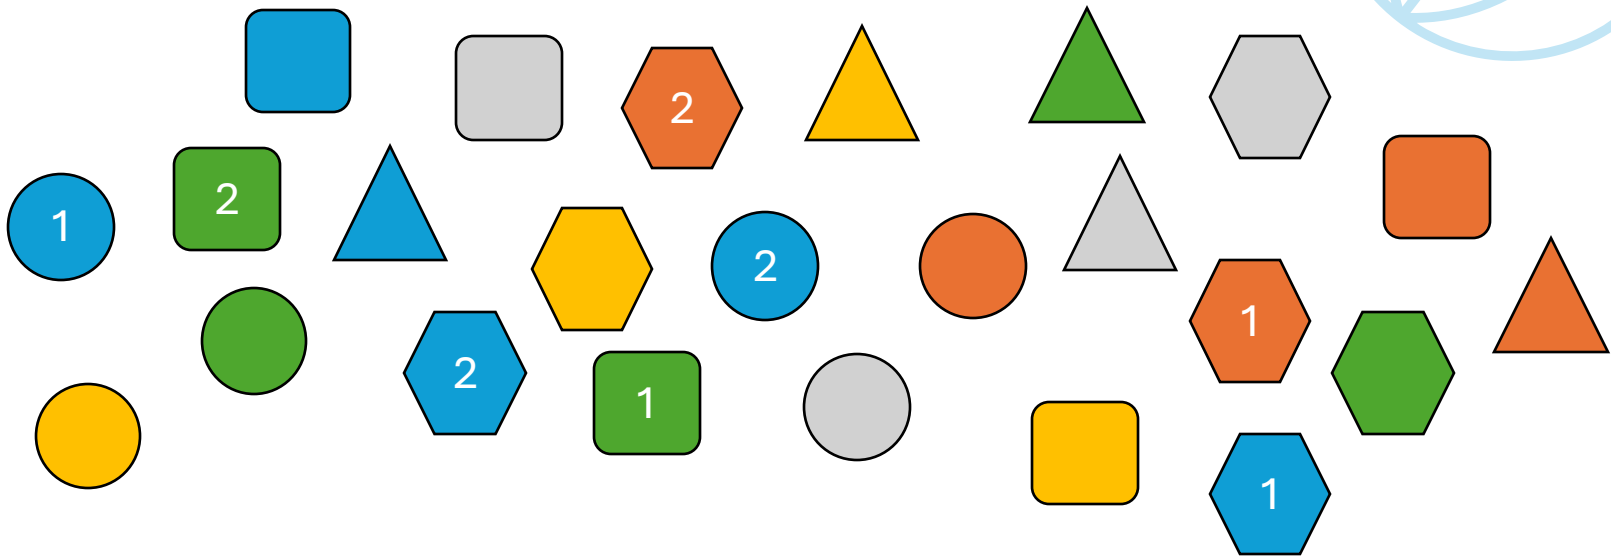

All members

BOARD OF DIRECTORS (BOD)

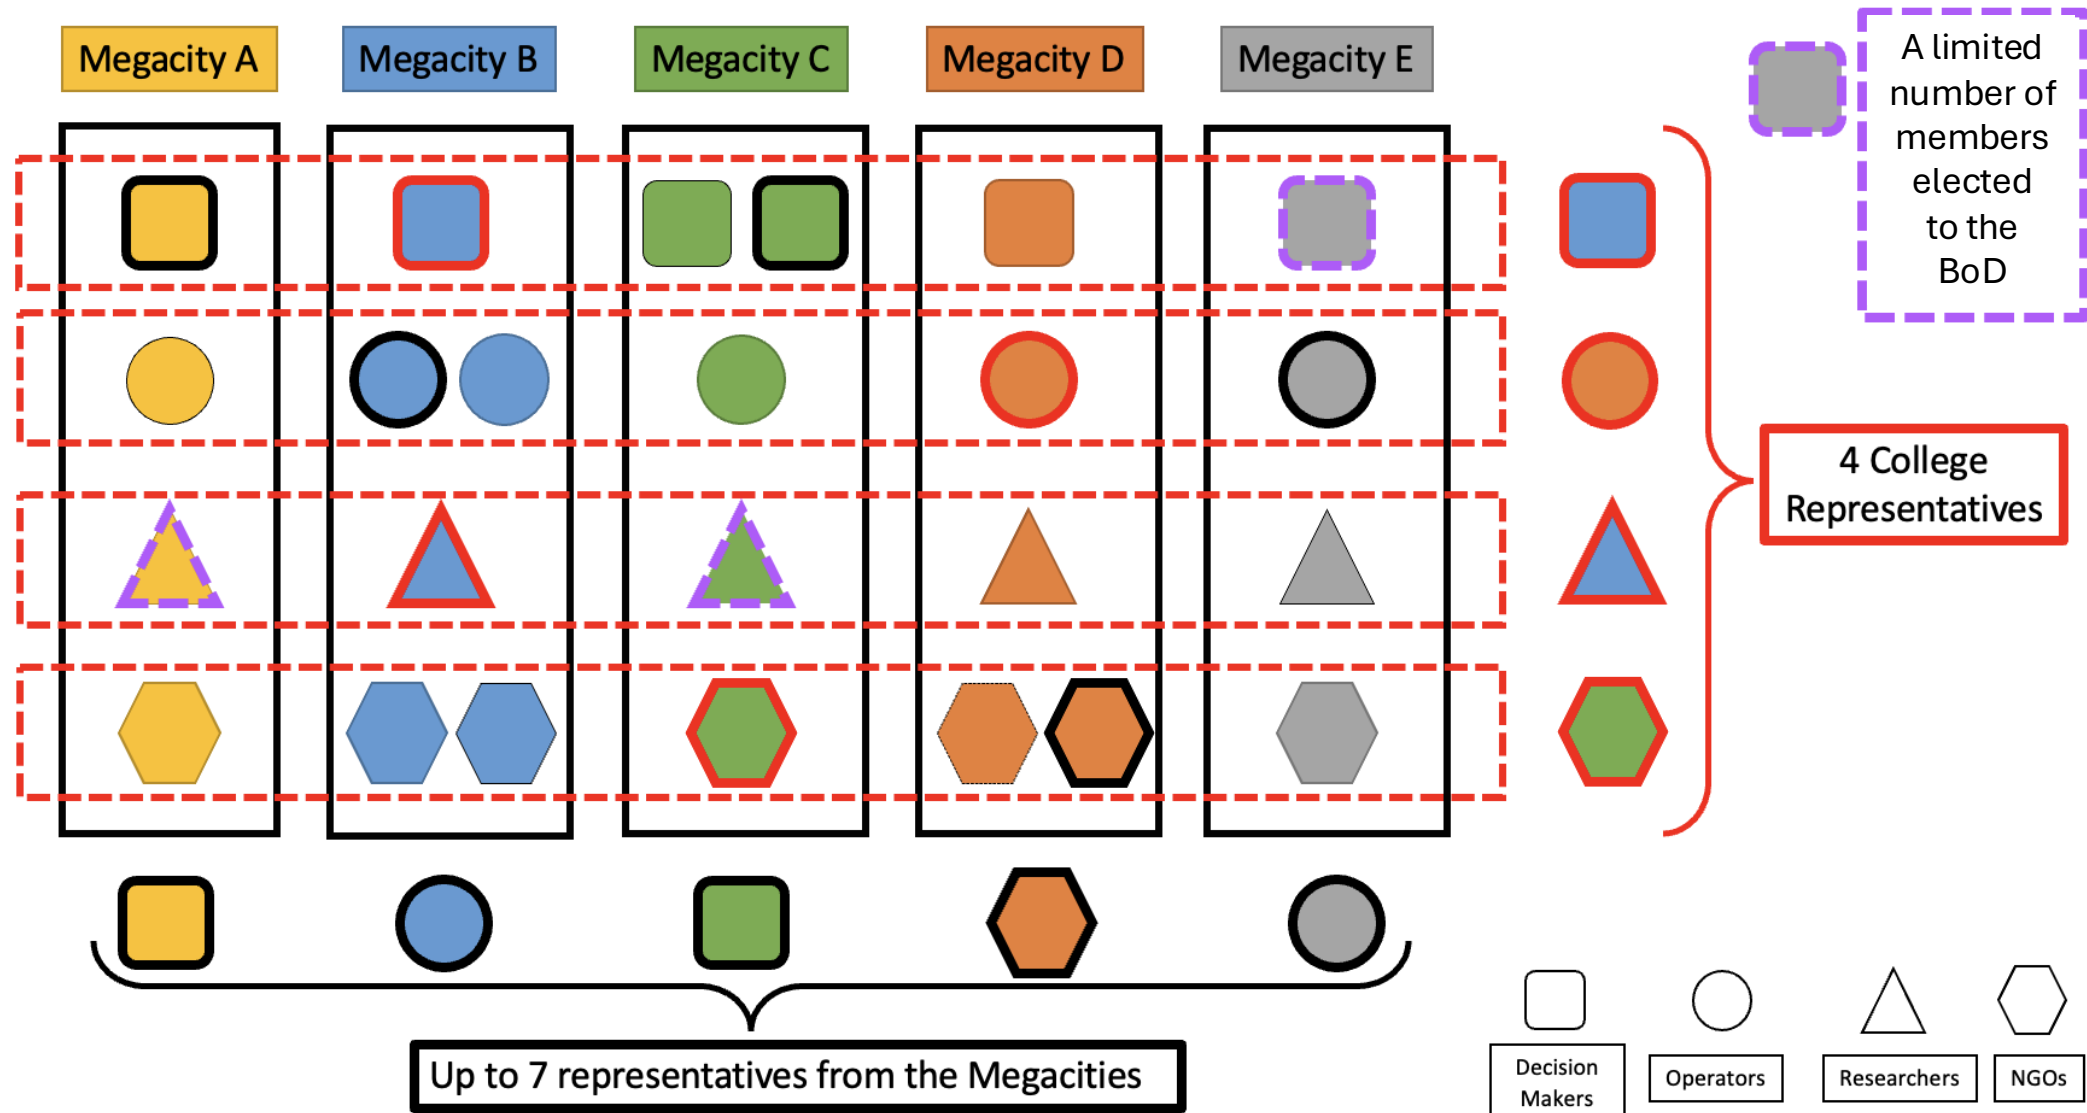

BUREAU
